Spotted Gum

### The forefront of Australian flooring

New to the Hardwood Plus range, G5 Lock is an Australian-species engineered flooring product incorporating the revolutionary and proven G5 locking system.

### Robust

An engineered one-strip product suitable for domestic and commercial situations.

### Easy to install – fold and lock

The revolutionary fold down locking system is simple – just fold and lock and the job is done. The flexible tongue bends along the length of the board, making adjustments during installation quick and easy. And it can be walked on in the same day.

### Fashionable

Fashionable square edge design matches growing demands from architects and home owners, and it comes in a low sheen finish that can be re-sanded and polished after a number of years.

G5 – Fold, and lock!

Blackbutt

#### Technical Specifications:

- 6 boards per pack
- Board dimensions: 1740 – 2240x136x13.5mm
- Sold with G5 locking system

### Care & Maintenance

Caring for your Hardwood Plus G5 floor is easy. Vacuum or sweep the floor to remove dirt and debris, and use a slightly damp (but not wet) mop for regular cleaning. For preventative care, entrance mats and rugs in high wear areas should be considered, together with felt protectors for furniture and appliances.
